

IN THE MATTER OF U.S. Patent

Application Serial No. 10/579,697

DECLARATION

I, David Arthur Keston, having personal knowledge of the facts set forth herein, or upon information and belief, do solemnly and sincerely declare as follows:

1. I am a European and UK Patent Attorney employed by Vodafone Group Services Limited and I am responsible for patent applications for the assignee, Vodafone Group plc, including the above-identified patent application. To assist us in managing our patent portfolio we use the services of Mathisen Macara & Co ("the external UK patent attorneys").
2. U.S. Patent Application Serial No. 10/579,697 is derived from International Patent Application No. PCT/GB2004/004703 and is referred to by Vodafone as the "PSD Gateway" patent application (Our Docket number is P000087-US-PCT).
3. The two of the six inventors, Pubudu Chandrasiri and Yashar Shahabi, were no longer employed by Vodafone when the U.S. patent application entered the US national phase.
4. While employed by Vodafone, both Mr. Shahabi and Mr. Chandrasiri reviewed the entire contents of the PSD Gateway patent application, including claims and drawings, and approved its contents.
5. I sent the Declaration, Power of Attorney and Petition forms, along with the PSD Gateway patent application complete with specification, claims and drawings, to Mr. Shahabi and Mr. Chandrasiri at their last known home addresses on 14th November 2006 (see Exhibit A).
6. Around the 14th November 2006, I also attempted to call Mr. Chandrasiri at his last known (cellular) telephone number. That number, however, appeared to be discontinued.
7. The Declaration, Power of Attorney and Petition forms were sent via Royal Mail Recorded Delivery with delivery tracking numbers ZH 557665134 GB & ZH 557665148 GB respectively (see Exhibit B).
8. Although delivery was attempted by the courier service, the packages were both returned as undeliverable and no forwarding address was provided. The Royal Mail tracking system is unable to confirm receipt of these packages as can be seen from the website printout, attached hereto as Exhibit C.

9. From 19th April 2007 our external UK patent attorney sent regular reminders. On 3rd July 2007, I contacted the Research and Development Department of Vodafone Group, for which Mr. Shahabi and Mr. Chandrasiri last worked, to determine whether either had provided any other contact information upon their departure from the company. There were no other addresses or contact information provided in either inventor's employment record. This contact was made over telephone but no record made.
10. Also on 3rd July 2007, I conducted an online database search for the addresses of Mr. Shahabi and Mr. Chandrasiri using Google and the online networking service LinkedIn. Through a shared LinkedIn contact, I was able to obtain a new possible email address and postal address for Mr. Chandrasiri (see Exhibit E). See also Exhibit F, listing the Google search results for 5th June 2008.
11. I sent further copies of the Declaration, Power of Attorney and Petition forms, along with the PSD Gateway patent application complete with specification, claims and drawings, to Mr. Chandrasiri, at this new home address and by email on 12 July 2007 (see Exhibit G). I also asked Mr. Chandrasiri whether he had any forwarding details for his co-inventor, Mr. Shahabi (both men hold Sri Lankan citizenship).
12. The Declaration, Power of Attorney and Petition forms, along with the PSD Gateway patent application complete with specification, claims and drawings, were couriered to Mr. Chandrasiri via Royal Mail Recorded Delivery with a delivery tracking number of ZJ190534998GB (see Exhibit H).
13. Once more, delivery was attempted by the courier service but the package was returned as undeliverable and no forwarding address was provided. On this occasion the Royal Mail tracking system is able to confirm receipt of these packages (see Exhibit I) but has no evidence of a signature. A copy of the Electronic Proof of Delivery indicating this is attached hereto as Exhibit J.
14. Despite my attempts to contact the inventors at their respective known addresses, email addresses and telephone numbers, and to obtain the inventors' signatures, I have not received any reply from either inventor.

AND I MAKE this Declaration conscientiously believing the same to be true.

Dated this fifth day of June, 2008

Dear Yashar

US National Phase Patent Application derived from International Patent Application No. PCT/GB2004/004703 "PSD Gateway"

You will be aware that the Vodafone Patent Team is processing a number of patent applications relating to the PSD project, to which you contributed.

I write with regards one of these applications – entitled "PSD Gateway". The international patent applications (published as WO2005053266) has recently entered national phase in the USA.

In accordance with US legal practice, it was necessary to identify each of the inventors as the original applicants for the international patent application. Ericsson and Vodafone Group plc jointly remain the legal owners of these applications. To ensure that the USPTO correctly records the legal ownership of the US national phase application, we now seek an assignment from each of the inventors (including you) to Vodafone Group plc and Ericsson.

In addition, since we wish to appoint Eric Maschoff of Workman Nydegger as attorney before the US patent office (USPTO) handling these two US national phase applications, a suitable declaration must be executed.

Please, therefore, find attached a "Combined Declaration and Power of Attorney" and an "Assignment" document. These are the appropriate documents for facilitating the transfer of rights and appointment of a US attorney. I would be grateful if you could review and sign these documents (at the positions marked by Post-It tabs), returning them to me at the earliest opportunity, so that I can complete the outstanding formalities. I have enclosed a stamped addressed envelope for this purpose.

Dear Pubudu

US National Phase Patent Application derived from International Patent Application No. PCT/GB2004/004703 "PSD Gateway" &

US National Phase Patent Application derived from International Patent Application No. PCT/GB2004/004711 "PSD Hub"

You will be aware that the Vodafone Patent Team is processing a number of patent applications relating to the PSD project, to which you contributed.

I write with regards two of these applications – entitled "PSD Gateway" and "PSD Hub". The international patent applications (published respectively as WO2005053266 and WO2005053273) have recently entered national phase in the USA.

In accordance with US legal practice, it was necessary to identify each of the inventors as the original applicants for the international patent application. Ericsson and Vodafone Group plc jointly remain the legal owners of these applications. To ensure that the USPTO correctly records the legal ownership of the US national phase application, we now seek an assignment from each of the inventors (including you) to Vodafone Group plc and Ericsson.

In addition, since we wish to appoint Eric Maschoff of Workman Nydegger as attorney before the US patent office (USPTO) handling these two US national phase applications, a suitable declaration must be executed.

Please, therefore, find attached a "Combined Declaration and Power of Attorney" and an "Assignment" document. These are the appropriate documents for facilitating the transfer of rights and appointment of a US attorney. I would be grateful if you could review and sign these documents (at the positions marked by Post-It tabs), returning them to me at the earliest opportunity, so that I can complete the outstanding formalities. I have enclosed a stamped addressed envelope for this purpose.

Subject: Your Patent applications in US: "PSD Gateway" & "PSD Hub"

Dear Pubudu,

Thanks for sending me your details - I enclose a copy of a letter that went to your old address. Could you please sign and date the document at the marked positions then return them to me in the enclosed envelope. As your address is incorrect on these sheets can I ask you to strike out the incorrect text then add the correct details. If you have scanning facilities it would greatly assist if you could send the completed documents to me electronically as well as physically.

<<P000087 & P000103 Pubudu Letter.pdf>>

Also, I wonder whether you can help me trace another inventor on the "PSD Gateway" case: Yashar Shahabi. The last address I have for him is in Chiswick in London - the couriered letter returned "recipient unknown". Do you still keep in touch with Yashar?

Best Regards
